Fire Bureau

- OSHA 29 CFR 1910.156 – “Emergency Response” Draft Regulation
 - Informal Public Hearing: No updates have been announced.
- Fire Training Facility – 100% completion – available for use
 - First live burns were completed in the beginning of November
 - Working on grain bin transport/placement -> Request for quote sent to admin
 - Working on car fire pad
- Monthly CAD Re-Boot –

When cad went down last month a page gate was sent when cad went down and when it came back up. Some chiefs did not get this. The cause some cell phone providers were changed.

- **Dispatching issues** – If there are issues with dispatching please send them through this office
- **Workmen's Comp**- Each department will should have two names listed to file workmen's comp on behalf of the organization. An email will be sent to the chiefs of the department informing them who is designated for their organization. When the contact information has been verified that person will get information regarding logins and filling claims.
- **County Fire Mutual Aid Plan**- Changes are scheduled to take effect after the first of the year that will necessitate a revision of the fire mutual aid plan. A draft will be made available for review and a chief signature will be requested.

The Plan states there will be an annual review annually. There is a copy of the plan. One copy per department. A digital copy is available on Dlan
